COVID-19 SYMPTOMS & SCREENING QUESTIONNAIRE

UPDATED NOVEMBER 29th 2020

People with COVID-19 have had a wide range of symptoms reported – ranging from mild symptoms to severe illness. Symptoms may appear 2-14 days after exposure to the virus. People with these symptoms may have COVID-19:

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

We ask that attendees check whether any of the following questions are true for them before they attend class. Have you:

- Knowingly been in close or proximate contact in the past 14 days with anyone who has tested positive for or who has or had the symptoms of COVID-19?
- Tested positive for COVID-19 in the past 14 days?
- Experienced any symptoms of COVID-19 in the past 14 days?

IMPORTANT!

KMC Fort Lauderdale is home to a residential community of Buddhists who live onsite, some having compromised health. To help protect these residents, volunteers and other visitors, if you have answered yes to any of the above questions, we ask that you **do not** come onsite at Kadampa Meditation Center Fort Lauderdale. It is also important for you to get in touch with your healthcare provider immediately.
